## FOOTBALL.

With the football season over and the big games of the year still fresh in the minds of the thousands who patronize the games in the state, it can be said that this season has been a successful one. The U. of U., the leading team, did well considering the size of its schedule, losing two games, one to Boulder and the other to the St. Vincent's. The greatest victory of the year was over Golden, and it came as a complete surprise to both teams. The U. of U. lacked sufficient man to put out a team strong enough to win a clear title to the Rocky Mountain championship, a title this state has struggled to annex in the past four years. The Logan Aggies made the greatest stride in their history this year, the new coach, Fred Walker, being largely responsible for the improvement. A poor schedule, but one important game was played. This was with Utah and the Aggies gave the Salt Lake team the hardest fight it has had in recent years from that school.

## BASEBALL.

The Ogden High team walked away with the state championship, and it can be truthfully said that their claim is fully as just as the claim any other school can make. All Hallows, starting with score
